Practice Chart Guidelines:

- 1) Students are to fill in their name, due date, exactly what they practiced (in the description), total time each day, and get a parent *signature* the day before it is due.
- 2) Students **MUST** use this official practice record designated by the director. Other forms or student generated forms will not be accepted.
- 3) A practice period is at least 20 mins in length. Grades will be based on their total number of practice periods per week that are 20 mins or more in length. **Anything under 20 mins will not be counted.**
- 4) Practice records are due every Monday and must be turned in by the end of the week that it is due. Late practice records will receive one letter grade deduction each day it is late. Incomplete/inaccurate practice records will also receive grade reductions.
- 5) Grades will be as follows:

A 100- Five or more days	D+ 69- Two days per week
B 89- Four or more days	D 64- Zero or one day per week
C 79- Three or more days	E 0- Not turned in
